RE: Approval of Removal Action No.  
9 Liquid Mixed Waste Project  
Amendment

Dear Mr. Reising:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the United States Department of Energy's (U.S. DOE) Removal Action No. 9 Work Plan Amendment for the Liquid Mixed Waste Project. This Amendment consists of the Tank Decontamination Plan which adequately describes how the bulk containers and secondary containment structure will be decontaminated in a manner consistent with appropriate regulations.

Therefore, U.S. EPA approves the Removal Action No. 9 Work Plan Amendment for the Liquid Mixed Waste Project.

Please contact me at (312) 886-0992 if you have any questions regarding this matter.

Sincerely,
